

The Power to Surprise

Prestige reborn

SORENTO

An expression of unrivaled refinement

A host of improvements to the award-winning Sorento has resulted in a more mature and sophisticated SUV that sets a new standard for style, comfort, performance, safety and convenience. Uncompromising in its every detail, Sorento is the perfect lifestyle complement to those who aspire to be the best.

Prestige reborn **SORENTO**

King of the urban jungle

From its early roots as a true off-roader, Sorento has evolved into a captivating city cruiser that is sure to attract gazes of envy at every turn.

Eye-catching style, up-close and from afar

Come behold the work of our talented team of international designers who have created a contemporary and elegant silhouette accentuated by striking aesthetic details. Sorento radiates class and sophistication from every angle thanks to LED positioning headlamps, distinctive rear combination lamps and newly designed alloy wheels.

Celebrate the driver in you

With the most up-to-date technologies and features, Sorento's modern and refined driver-centric cabin gives you the peace of mind to sit back and experience the joy of driving as it was meant to be.

High-tech form and function combined to perfection

Sorento's cockpit is a showcase for advanced technologies that work seamlessly together as a cohesive suite of intuitive and ergonomically designed controls. The sporty instrument gauge cluster and highly functional center console and fascia layout combine with elegant yet understated shapes and materials to provide the ultimate in driving pleasure.

1. Radio + CD + MP3 + Rear view camera
The stylish integrated audio system features premium sound with a CD player and MP3 playback compatibility, while the display screen serves as a monitor for the rear view camera.

2. Aux and iPod® Enjoy virtually any music source in your Sorento with built-in audio streaming, AUX, USB and iPod® connectivity plus high-fidelity output.

3. Dual separate climate control Both driver and passenger can control the fully automatic air-conditioning system with an eight-level fan adjustment to suit their temperature preference.

7" TFT LCD SUPERVISION CLUSTER

A high-visibility display located in the center gauge provides useful, on-demand trip computer information graphics such as distance to empty, average and instant fuel consumption and outside temperature.

A spacious sanctuary of comfort and refinement

Passengers will appreciate Sorento's generous second row seat legroom while Kia's engineers have drastically reduced noise and vibration with an improved suspension featuring ARCD (advanced rebound control damper) technology and application of a host of insulating enhancements.

► 5 seater

Interior color schemes

Classic yet contemporary at the same time, Sorento's cabin color combinations and choice of premium leather or soft-touch cloth seats make the inside of this SUV a space you'll want to call home.

Steel Black The steel black scheme combines black trim with inset black woodgrain, alongside black cloth or black leather seats for a contemporary feel to the cabin.

Splendor Beige Splendor beige combines black trim and woodgrain highlights with light beige cloth or leather upholstery, and matching lower trim for a modern and elegant look.

Color Pack-2 The brown color scheme features black trim and oak woodgrain inlays combined with brown cloth or leather for a look that is both luxurious and natural.

Color Pack-3 A fresh and futuristic look is achieved with black trim and black high glossy inserts coupled with matching black and light gray cloth or leather seating.

► 7 seater

Ultimate relaxation on the road

Whether on your daily commute or an extended family road trip, Sorento will get you to your destination in maximum comfort. Thanks to an airy and plush interior space featuring the latest high-tech comfort and convenience technologies, Sorento lets you leave the stresses of the outside world behind while all vehicle occupants will appreciate its soothing cabin environment.

1. VENTILATED FRONT SEATS / DRIVER MEMORY SEAT

Air blown through the cushion and back of both front seats help keep 1st row occupants cool in extreme summer temperatures, while two different users can restore the driver's seat to their preferred positions at the touch of a button.

2. 1ST & 2ND ROW SEAT WARMERS

Both the front (cushion and back) and 2nd row (cushion only) seats have a seat warming function for welcome added comfort in cold climate environments.

PANORAMA SUNROOF

The huge dual-pane panorama sunroof lets you and your passengers enjoy the fresh outdoor breeze while creating an even more spacious interior ambience. A one-piece motor-driven roller blind and elimination of the center head lining provide more openness compared to competitors' sunroofs.

Unleash your wild side

Old habits don't die easily. So although the Sorento has grown up over the years into a more stylish and sophisticated all-rounder, it is still a highly competent weekend warrior that is sure to provide all of the thrill and adventure you could ask for.

Not your ordinary SUV

It's only natural that a car that rewrites the rules for an SUV doesn't conform to stereotypes. Sorento is a robust, masculine and capable off-roader, but its sophisticated modern design, advanced comfort features and smooth road manners make this the perfect vehicle for any lifestyle.

A never ending quest for best-in-class safety

Sorento's all-new lightweight, monocoque construction boasts a high-rigidity bodyshell which results in enhanced crash safety. And a host of new active safety features utilizing the latest advancements in automotive technology gives Sorento class-leading levels of both collision prevention as well as reduced risk of injury in the event of an accident.

HAC Hill-start Assist Control is an added safety feature that automatically applies the brakes when starting on an ascent to prevent the vehicle from rolling backwards.

1. ADAPTIVE FRONT LIGHTING SYSTEM

Motor-powered headlamps automatically point in the same direction the vehicle is heading based on travelling speed and steering handle movements, resulting in improved nighttime driver visibility.

2. ACTIVE HEADRESTS

The active headrests move forwards and up within milliseconds of an impact to cushion the head and prevent whiplash, one of the biggest injury in the event of a collision.

3. PARKING ASSIST SYSTEM

Ultrasonic sensors at the front and rear trigger a beeping sound alert with increasing frequency the closer the vehicle gets to an obstruction

High tensile steel

The Sorento chassis employs low-alloy, high-tensile steel plates to enhance structural strength of the vehicle without adding a lot of weight. The result is high torsional stiffness, which not only ensures more protection during a collision but also benefits handling, ride quality and overall refinement.

6 Airbags

Sorento offers the highest levels of protection for you and your family. The dual front, side and curtain airbags have finely tuned sensors for the best possible performance. In combination they provide enhanced protection against chest and head injuries in the event of an impact.

The vibrant pulse of the city

Urban life is filled with endless possibilities, and Sorento lets you experience all that the city has to offer. From a stylish daily commuter to a versatile family companion, Sorento stands head and shoulders above the rest of the pack.

149g CO₂ EMISSIONS*

R 2.2 diesel engine Here's a fuel-efficient diesel that outperforms most 4 cylinder and many V6 engines while complying with Euro5 emissions standards. It offers maximum power of 197 ps at 3,800 rpm and max torque of 44.5kg-m at 1,800-2,500 rpm.

*(4WD/manual transmission: combined mode)

Superior power, performance and efficiency

Whether you're out touring country roads, heading off-road or cruising city streets, Sorento's three state-of-the-art, fuel efficient engines – two diesel and one petrol – with a choice 6-speed automatic or manual transmissions provide a responsive and smooth driving experience. And an advanced AWD system gives you added peace of mind no matter the road surface or weather.

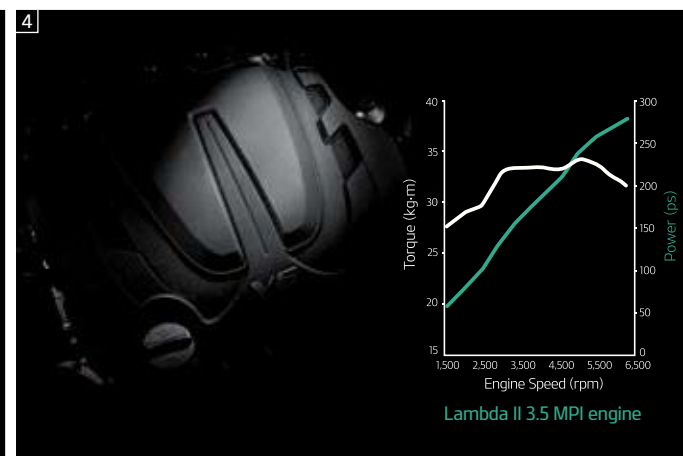

1. 6-speed auto transmission An electronically controlled 6-speed automatic transmission provides smooth, seamless shifting and improved fuel efficiency. Its Sportmatic® design allows you to choose between automatic shifting clutch-free manual shifting for a sportier driving experience.

2. 6-speed manual transmission Sorento's 6-speed manual gearbox is the sporty choice and provides hands-on control, higher torque capacity, excellent acceleration and smooth, fuel efficient gear changes.

3. Theta II 2.4 MPI engine Featuring an aluminum engine block, variable valve timing and a variable induction system, this multi-point engine promises powerful acceleration with minimal noise and vibration in addition to enhanced fuel economy. It delivers maximum power of 176 ps at 6,000 rpm and maximum torque of 23.1 kg-m at 3,750 rpm.

4. Lambda II 3.5 MPI engine This 24-valve, multi-point fuel injected V6 petrol engine delivers all the responsiveness and power you'll need in any driving situation while also offering reduced fuel consumption and silky smooth refinement. It produces 280 ps at 6,300 rpm with maximum torque of 34.3 kg-m at 5,000 rpm.

Beauty that never goes out of style

Who said that that an SUV can't make a serious fashion statement? Kia's world-acclaimed dynamic design DNA marked by straight, clean lines has been infused into Sorento to make sure you stand out from the crowd.

Partial 3rd row folding

3rd row folding

Partial 2nd row & 3rd row folding

2nd row & 3rd row folding

5 or 7 seats for maximum flexibility

Sorento's numerous seat variations made possible by partial or full row seat folding provide not only comfort for passengers, but also convenience and practicality for transporting long and odd-shaped cargo and leisure equipment.

Steering wheel remote control Conveniently located and ergonomically designed for easy operation while keeping your eyes on the road, the audio system remote control lets you adjust volume, skip tracks, switch modes and mute sound.

Sunshade blind The manually retractable sunshades on the 2nd row windows provide protection from harsh sun glare and also helps keep the cabin cool on hot summer days for maximum comfort.

Pocket lamps For easier vehicle access at night, the smart key automatically turns on the pocket lamps located under the door handles when you approach the car.

Mood lamp LED-illuminated strips emit a subtle reddish glow to create a warm ambience within the vehicle cabin while adding to the overall luxurious feel of the Sorento's interior.

Button start/stop system Sorento's secure ignition system allows you to conveniently start the engine with a simple push of a button as long as the smart key is in your possession.

Remote keyless entry system The smart key unlocks the doors the moment you touch the door handle so that you never have to worry about fumbling around for keys. Also shown is the folding type remote key.

Centre console A redesigned center console features more flexible cup holder spaces with a retractable lid, large armrest storage bin and an additional tray for small, easily lost items like keys or coins.

Rear cup holder Twin cup holders in the rear center armrest let your passengers store beverages without spillage and are especially appreciated by Sorento owners with children.

Door map pocket Maps and documents can be stored within easy reach of the driver and front passenger while the pocket also has a recess to keep bottled drinks upright when you're on the move.

Glove box The spacious glove box compartment not only features a locking mechanism for safekeeping of personal items but is also illuminated for added convenience at night.

Cargo underfloor storage compartment The trunk space features a covered underfloor bin where you can store essential road emergency tools or other personal items that you would like to keep hidden from plain view.

Cargo screen With retractable spring-loaded operation, the cargo screen is a sensible way to keep your personal belongings under cover. It is a practical way to deter would-be thieves and shield stored items from direct sunlight.

Open up a world of new possibilities

Sorento has much more to offer than dynamic styling and driving capability, as it has been designed with practicality in mind. It has plenty of space, and even with the seven seats in use you'll find a host of creative storage ideas and thoughtful accessories that enhance your journeys. The second row seating, for example, features a walk-in device, reclining seat backs and a center armrest. Third row headroom is a generous 906mm while leg room has been extended by 90mm to 804 mm.

Body colors

There’s a paint finish to suit your style including one solid, one metallic, four pearlescent and four pearl metallic colors.

Snow Pearl White **(SWP)**

Clear White **(UD)**

As eco-conscious as you are

So you value sustainable living? We do too. That’s why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society as a whole.

Kia Motors designated environmental management as one of the core objectives of our socially responsible management initiative launched in 2008 and has put the environment at the forefront of all our business activities. We aim to spearhead efforts to combat the global challenges of natural resource depletion and climate change.

We are applying innovative automotive technologies to dramatically improve energy efficiency and are making consistent investments in technology innovation to commercialize hybrid, electric and fuel cell vehicles. We are also building a clean production system, raising the

resource recovery rate, designing vehicles with the disposal phase in mind, increasing energy efficiency, and adopting low-carbon fuels.

Wherever possible, recycled and recyclable materials are being used in the production of every Kia. Even at the end of your car’s life, one of our environmental targets is the eco-friendly return and treatment of end-of-life vehicles. Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

In short, we are committed to finding fundamental solutions to cut energy consumption and combat climate change. As you see, what you do on a small scale with your household refuse, we at Kia motors do on a large scale around the world.
